Term of Entry at CTU: _____ Semester: _____ Year: _____

Please read:

You must have departmental approval prior to declaring any addition to or replacement of your degree program. Dropping a degree or adding a certificate only requires the signature of the student. For all programs, you must have the required prerequisites for admission.

Any changes to your degree program will result in the implementation of the most recent degree requirements to your curriculum (see current catalog). Changes may also result in the loss of previously awarded transfer credits and/or unused credits from Capitol that are not applicable to the new degree program chosen.

Please note: If you are receiving financial aid or receive VA benefits be sure to contact the Financial Aid Office immediately and/or the school certifying official (SCO). Your change of degree program may affect your benefits status.
